🚹 💽 DAVE LAROCK FOR VIRGINIA

ENERGY MATTERS **DAVE LAROCK CALLS FOR COURSE CHANGE ON VIRGINIA ENERGY POLICY**

In a recent local legislative forum, Delegate Dave LaRock voiced agreement with experts who say Virginia must change course on energy policy to avoid disaster. "Slight increases in carbon dioxide levels from use of fossil fuels are beneficial to crop production and pose no threat to people or the environment." LaRock continued, "The climate alarmism is out of control. Presently, Virginia law put in place by Democrats threatens to eliminate gas-powered cars and trucks by 2035 by tying Virginia to California emission standards.

Hard-earned dollars are being squandered on feel-good schemes. Consumers and policymakers are beginning to grasp the enormous difficulty of replacing fossil fuels." **Quoting Governor Glenn** Youngkin, "All Virginians and businesses deserve access to reliable, affordable, clean and abundant energy." Congressman Ben Cline in a recent town hall meeting in Berryville identified energy policy as his highest priority. Dave LaRock added, "Far left Democrats want to ban gas and diesel

EARLY VOTING STARTS MAY 5. PRIMARY DAY IS JUNE 20.

LAROCK HELPS VETERANS GET TAX RELIEF

"I just got my first refund from Virginia. Thank you!" -Bill and Marjorie Hyman

PROMISES MADE. RESULTS DELIVERED.

It was rewarding when Bill and Marjorie Hyman spoke their appreciation for a bill I co-patroned in 2022, that gave them a full income tax refund on their veterans' benefits.

Even more touching is that the refund helped pay for a hearing aid. Recently, at a meeting of Vietnam vets, Dave said thank

you in-person to the men and women and their families who have served us so well.

If you need information on this income tax benefit please contact me by email me at: *DelDLaRock@house*. virginia.gov.

BIG DIFFERENCE IN SENATE DISTRICT 1 CANDIDATES

Several candidates came together in Winchester to introduce themselves at a candidate forum. Delegate Dave LaRock was the only candidate who repeatedly referred to his "PROMISES KEPT AND **RESULTS DELIVERED**" track record. Other candidates, in contrast, put forth promises without any serious examples of being active on issues they claim to be passionate about.

Dave LaRock had this to say to other candidates... "I challenge all other candidates to tell voters if you've put any effort into the issues you now claim to care about." LaRock's website lists numerous examples of his decade of aggressive and strategic engagement in defense of the unborn, gun rights, fair elections, opposition to vaccine mandates, and in general acting in the interests of families and business owners.

LAROCK WINS BIG IN **REPUBLICAN WOMEN'S GUN BASH STRAW POLL**

The Winchester Frederick Clarke Republican Women's Club Gun Bash was the place to be for food and fun. Dave LaRock was the winner of their straw poll.

<<< Supporting the Gun Bash - Frederick County Treasurer Bill Orndoff, Delegates LaRock and Wiley, and Al Sibert – Previous Frederick Co. Republican Chairman.

PUTTING PARENTS FIRST WHAT SOME SCHOOLS ARE HIDING SAGE'S STORY- PART 1

Delegate Dave LaRock teamed up with Sage's mom, Michele, to ensure other young girls and their parents don't relive this nightmare.

Take a moment and imagine you have a sweet, intelligent, creative daughter, fourteen and going through the challenges of growing up, struggling with anxiety, but trying hard to make friends. Imagine you are being the best parent you could be to your child, empathizing, encouraging her to dress and express herself as she wishes.

Picture your child feeling like you felt when you were in school and wanted so much to be accepted, but it was hard because some kids can be cruel.

Picture that you find a hall pass with a different name on it and learn that the school counselor and your child together agreed she would be happier as a boy and that it was better if you, the parent, didn't know.

Imagine that the counselor hid it all from you, even hiding from you, the parent, how badly Sage was bullied at school.

Then imagine you find out days after the fact, that she was assaulted in the boys' bathroom the school counselor told her use.

Imagine how you would feel, know-

Dave LaRock and Sage's mom at the Senate committee hearing.

Sage is grateful that some legislators and advocates are listening and care. She also recognized as lies the arguments used by those opposed to protecting kids like her.

ing that despite all your efforts to be a good parent and friend to your daughter, she was turning away from you and toward the companionship of new friends, including some in a pro-trans online chat room where child predators lurk.

And now imagine that your sweet, young, innocent daughter disappears one night, you frantically look everywhere and feel a growing sense of horror, trying to hold back the thoughts that harm could come to your precious child, and you are helpless to stop it.

Imagine the agony of long days and sleepless nights as the FBI assures you they are doing their best to find your daughter, but can't promise anything. You post handwritten signs and go on every missing child platform and torture yourself with the thought that you could have helped if only the public school hadn't hidden from you what was going on. Soon you learn that your child is alive, but the relief turns back to horror when you learn...

(To be continued in the next District *News letter)*

"Dave, I am so grateful to you for helping me, Sage, and others. We are counting on you to pass Sage's Law eventually." -Michele, Sage's mom

Delegate Dave LaRock presented House Bill 24332, fighting for parent's rights. Some schools are going along with a student's gender change and hiding it from parents. The bill would make sure parents are notified, kept involved and are not guilty of a crime if they don't agree with their minor child's gender change and insist that a minor child live according to their birth sex.

"I look forward to returning to Richmond to press on and pass Sage's Law." -Dave LaRock
