

JUDGE JENNIFER BRUNNER

Judge, Tenth District Court of Appeals
and former Ohio Secretary of State

CANDIDATE FOR THE OHIO SUPREME COURT IN 2020

Why did you choose to run for the office of Justice of the Ohio Supreme Court?

I chose to run for this office for three reasons: First, I want to be a part of a court that ensures that the first decision interpreting the state constitution's new provisions for fair districts for Congress and the Ohio General Assembly, when challenged—and they in all likelihood will be, are fair and according to state constitutional requirements. As Secretary of State, my office sponsored a public contest to draw districts according to a formula that served as a basis for developing the state constitution's formula for fair districts, and we proved that it can be done. Nothing is more basic to the health of Ohio's democracy than fair districts, and I want to participate in that process. My experience will help me do that to the benefit of the court, the rule of law and, most importantly, the people of the State of Ohio.

Second, there are important issues such as when a police officer can make an individual get out of his or her car, under what circumstances criminal records can be sealed or expunged, when someone's home can be taken through foreclosure or what is appropriate in applying legislative caps on damages (such as for repeated rapes of a child by a trusted pastor) so that the gravity of the offense(s) is reflected in the damages. These issues are just a few that affect everyday people in Ohio, though they rarely realize how drastically they are affected by just the words of the state's highest court.

Third, I have found that when there is a political balance on an appellate court, the tendency to "group think" is less likely to happen and better decisions emerge that involve the give-and-take of views and the softening of others through reasoned and respectful discussion and decision making. Currently, the political balance on the state's highest court is a state of unbalance with 5 Republicans and 2 Democrats.

See page 2 for biographical information

A 4-3 balance either way would, in my view, create an atmosphere of cooperation for some of the best decisions possible from the court. I hope to help provide that balance to the court with my election.
