Hello Unity & BYV National and State Partners,

It has been almost a month, since April 1st – Census Day and more than 50% of the population has responded to the census. Sadly, the response rate for black people is below the national average, which makes our work to continue to amplify the message to stay engaged and participate in the 2020 Decennial Census—by being counted online, by phone or via mail.

Additionally, we would like to thank you for partnering with us for the NCBCP’s Unity #CountMeBlack Youth Census Week, scheduled for April 23-May 1, 2020! This is an opportunity for young people 18-35, to encourage our peers to be counted in the 2020 Decennial Census.

We have outlined a week of social media activities that can be co-branded for your organization to participate and share with your members and networks over a 5-day period. This is an opportunity for NCBCP Unity & Black Youth Vote National and State-Based Partner Organizations to join forces, motivate & encourage Black Generation Z (GenZ) and Millennials to own their power by being counted in the 2020 Census!

In this social media kit, you will find the calendar for daily topics, how to participate in activities, sample messaging, and links for more information on the 2020 Decennial Census. Please contact Holli Holliday, Esq., Unity 2020 National Campaign Manager at holliunity@ncbcp.org, if you need any additional information or assistance.

Thank you for your leadership, partnership and support!

In Solidarity,

Hey, college students, if you are home early due to the Coronavirus Pandemic, make sure you get counted in #Census2020 TODAY.#Census2020 #CountMeBlack #CountBlackYouth @my2020census.gov

For the next 10 years, the federal government will rely on the collected 2020 census data to help guide distribution of approximately $1.5 trillion in annual spending. #Census2020 #CountMeBlack #CountBlackYouth @my2020census.gov

The data collected by the Census helps entrepreneurs develop effective business plans to start or grow Black business. #CountMeBlack #CountBlackYouth @my2020census.gov

Each Black person not counted in the 2020 Census could cost their community up to $4000 in federal funding and spending. #Census2020 #CountMeBlack #CountBlackYouth @my2020census.gov

Census results are used to allocate seats and draw district lines for the U.S. House of Representatives, state legislatures and local boards. #CountMeBlack #CountBlackYouth @my2020census.gov

Federal agencies rely on census data to monitor discrimination and implement civil rights laws to protect voting rights, equal employment opportunity and more. #CountMeBlack #CountBlackYouth Census2020 @my2020census.gov

It’s About Quality Public Education. Census data is used to determine what communities get resources to build quality public schools and get funding for PreK-12 education. #CountMeBlack #CountBlackYouth Census2020 @my2020census.gov

SAMPLE SOCIAL MEDIA POSTS (continued)

It’s About Quality Health Care. Census data is used to determine what communities get resources to build quality hospitals and have access to healthcare. #CountMeBlack #CountBlackYouth #Census2020 @my2020census.gov

The 2010 census undercounted African American population by more than 800,000. 7% of young African Americans were overlooked in the 2010 census. #CountMeBlack #CountBlackYouth #Census2020 @my2020census.gov

When compared with other major groups who arrived in the U.S. in the past five years, Africans had the fastest growth rate from 2000 to 2013, increasing by 41% during that period. #CountMeBlack #CountBlackYouth #Census2020 @my2020census.gov

Workers earning poverty-level wages are disproportionately female, black, Hispanic, or between the ages of 18 and 25. Being counted in Census 2020 is about higher wage jobs being created in our communities. #CountMeBlack #CountBlackYouth #Census2020 @my2020census.gov

45.8% of young black children (under age 6) live in poverty, compared to 14.5% of white children. Being in Census 2020 is about getting funding in our communities to provide a safety net for children and families. #CountMeBlack #CountBlackYouth #Census2020 @my2020census.gov

Renters are undercounted at higher rates than homeowners. 58% of Black people rent and due to rising rental cost and low wages often “double up”, move in with friends and family due to lack of affordable housing options. The Census is about economic empowerment. #CountMeBlack #CountBlackYouth @my2020census.gov
